董事长致辞 Chairman's Message

推进能源生产和消费转型，构建清洁低碳、安全高效的现代能源体系，是实现绿色发展、构建高质量现代化经济体系的必然要求。大京集团作为清洁能源的供应者，更是绿色革命的倡导者，致力于能源结构转型升级贡献力量。在打造清洁能源体系的目标指引下，过去十数载大京集团从零起步，在全国各地开发建设清洁能源项目，成长为清洁能源领域一支冉冉升起的力量。

我们深知企业需要突破舒适区，不断拓展自身的业务边界。大京集团在聚焦清洁能源主业的同时，积极探寻新的产业方向，投身酒店文旅、AI智算等综合产业投资领域，以独特的视角和敏锐的洞察，为未来带来新的可能性。大京集团，将继续秉承创新、卓越的精神，不断超越自我，勇往直前，在多元产业的交汇点，勾勒出一幅产业升级的生动画卷。

我们相信，企业的力量超越了商业模式，更是一种对世界的态度。让我们与大京集团携手同行，期待并见证大京集团将继续以其卓越的业绩和创新精神，为全球的绿色转型贡献中国智慧和力量，共同迈向一个更加繁荣和可持续的未来。

大京集团 董事长

Advancing the transformation of energy production and consumption, and building a modern energy system that is clean, low-carbon, safe, and efficient, is an inevitable requirement for achieving green development and constructing a high-quality modern economic system. Dajing Group, as a supplier of clean energy and an advocate of the green revolution, is committed to contributing to the transformation and upgrading of the energy structure. Guided by the goal of building a clean energy system, over the past decade, Dajing Group has started from scratch and has developed clean energy projects across the country, growing into a rising force in the field of clean energy.

We are well aware that enterprises need to break through their comfort zones and continuously expand their business boundaries. Dajing Group, while focusing on the main business of clean energy, actively explores new industrial directions and invests in comprehensive industries such as hotel culture and tourism, and AI intelligent computing. With a unique perspective and keen insight, it brings new possibilities for the future. Dajing Group will continue to adhere to the spirit of innovation and excellence, constantly surpassing itself and moving forward bravely, sketching a vivid picture of industrial upgrading at the intersection of multiple industries.

We believe that the power of an enterprise transcends the business model and is more a kind of attitude towards the world. Let us join hands with Dajing Group, looking forward to and witnessing Dajing Group's continued contribution to the global green transformation with its outstanding performance and innovative spirit, providing Chinese wisdom and strength, and moving towards a more prosperous and sustainable future together.

集团架构 Group Structure

清洁能源 Clean Energy

风力发电 Wind Power

大京集团旗下中京电投能源集团有限公司（简称“中京电投集团”）是集团负责风力发电项目投资、开发、持有的投资企业。中京电投集团旗下拥有多家控股子公司，区域子公司达百余家，在全国多个省份开发及签约了15GW的风力发电新能源项目，是集团清洁能源业务的领军企业。

Dajing Group's subsidiary, Zhongjing Power Investment Energy Group Co., Ltd. (referred to as "Zhongjing Power Investment Group"), is an investment enterprise responsible for the investment, development and holding of wind power generation projects. With a number of holding subsidiaries and more than 100 regional subsidiaries, Zhongjing Power Investment Group has developed and signed 15GW of wind power new energy projects in many provinces across the country, and is a leader in the Group's clean energy business.

雄厚的资金实力

雄厚的资金实力是助力公司开疆拓土的基石。通过自有资金与成熟稳健的融资方案相结合，有力推进项目开发各环节，确保项目顺利并网发电。

Strong Financial Capabilities

Strong financial strength is the cornerstone that empowers the company to expand its territory. Through the combination of own funds with mature and stable financing schemes, key stages of project development are effectively advanced, ensuring smooth grid connection for the project.

科学的管理模式

科学的管理模式是推动公司高效运营的关键。通过建立规范的管理流程，实施精细化运营，降低开发成本，提升工作效率，助力公司在激烈的市场竞争中脱颖而出。

Scientific Management Mode

Scientific management mode is key to promoting efficient operations within the company. By establishing a standardized management process, implementing refined operations, reducing development costs, and improving work efficiency, the company is better equipped to stand out in fierce market competition.

光伏发电 Photovoltaic Power

大京光合（上海）光伏电力有限公司（简称“大京光合”）是承担集团光伏发电业务管理的专业平台。在全球能源转型的大背景下，大京光合基于太阳能为社会提供优质的清洁能源和专业服务，致力促进人与自然的可持续和谐发展。

Dajing PS-CC (Shanghai) Photovoltaic Power Co., Ltd. (hereinafter referred to as "DC-PS") undertakes the Group's professional photovoltaic power generation business management platform. In the context of global energy transition, Dajing PS-CC provides high-quality clean energy and professional services for the society based on solar energy, and is committed to promoting the sustainable and harmonious development of man and nature.

智慧能源 Smart Energy

上海大京数智储能技术有限公司是集团智慧能源业务的管理主体，也是国内唯一同时拥有全钒液流技术路线和磷酸铁锂技术路线两大核心技术的企业。公司积极布局储能制造、工商业储能电站、共享式储能电站、智慧电网等业务，助力构建以清洁低碳、灵活智能为特征的新型电力系统。

Shanghai Dajing Shuzhi Energy Storage Technology Co., Ltd. is the main business of the Group's smart energy business, and the company is the only enterprise in China with the core technology of all-vanadium flow technology and lithium iron phosphate technology. The company actively distributes energy storage manufacturing, industrial and commercial energy storage power stations, shared energy storage power stations, smart grid and other businesses to help build a new power system characterized by clean, low-carbon, flexible and intelligent.

能源发展战略 Energy Development Strategy

为了进一步推动清洁能源事业的发展，大京集团制定了“710”发展战略（即：按照国家地理分区设立七大区域管理公司，“十四五”期间开发新能源项目装机容量突破10GW）。该战略的实施，标志着大京集团在新能源领域的发展进入了一个新的阶段，将有助于进一步助力优化区域能源结构，加速能源行业清洁低碳高效发展，同时促进相关产业的投资，为地方经济增长提供新的动力，助力实现我国“碳中和·碳达峰”目标。

To further propel the development of the clean energy sector, Dajing Group formulated the “710” development strategy in early 2023. This strategy involves establishing seven regional management companies based on national geographical divisions, aiming to surpass 10 GW of installed capacity for new energy projects during the 14th Five-Year Plan period. The implementation of this strategy signifies a new phase in Dajing Group’s development in the field of new energy. It is poised to optimize regional energy structures, accelerate clean, low-carbon, and efficient energy development, stimulate investments in related industries, drive local economic growth, and contribute to achieving the “carbon neutrality and peak carbon” goals.

修水九云岭风电场项目
Xiushui Jiuyunling Wind Farm Project

集团在江西省九江市修水县投资约为4.5亿元人民币的风电和乡村旅游项目被列入江西省重点工程。目前一、二期已于2017年建成投产，项目的投产填补了修水县新能源的空白。

风电和乡村旅游相结合，是集团贯彻国家特色小镇建设理念的突出表现。在项目设计及建设过程中，集团秉承风电与自然景观相结合的设计思路，以带动独有特色的乡村旅游为切入点，集团出资约3000万元，对现场道路进行硬化、绿化及亮化，极大的带动了乡村旅游产业发展，为当地创造了良好的经济效益及社会效益。

The Group's wind power and rural tourism projects in Xiushui County, Jiujiang City, Jiangxi Province, with an investment of approximately RMB 450 million, are listed as key projects in Jiangxi Province. At present, the first and second phases have been completed and put into operation in 2017, and the production of the project has filled the gap of new energy in Xiushui County.

The combination of wind power and rural tourism is the outstanding performance of the group's implementation of the national characteristics of the town construction concept. In the process of project design and construction, the group adheres to the design idea of combining wind power and natural landscape, and takes driving rural tourism with unique characteristics as the starting point. The project invested about 30 million yuan to harden, green and brighten the site road, which greatly promoted the rural tourism industry and created good economic and social benefits for the local.

靖安九犁风电场项目
Jingan Jiuli Wind Farm Project

靖安风电·九岭山国际森林养生度假区项目，被列为江西省重点工程，投资总额约5亿元，该项目一期已于2020年建成投产。

本项目最终将形成一个包含风电、生态、旅游、度假、会展等一体的生态养生度假综合体，铸就一块“最美江西、乐养靖安”的国际高端森林养生度假品牌。

Jingan Wind Power · Jiulingshan International Forest Health Resort Project is listed as a key project in Jiangxi Province, with a total investment of about 500 million yuan. The first phase of the project has been completed and put into operation in 2020.

This project will eventually form an ecological health resort complex including wind power, ecology, tourism, vacation, exhibition and other integration, and ultimately cast a "the most beautiful Jiangxi, happy Jing 'an" international high-end forest health resort brand.

怀来乡村振兴风电项目
Huailai Rural Revitalization Wind Power Project

怀来乡村振兴风电项目由怀来县新能源+乡村振兴项目（13.95万千瓦）和怀来15万千瓦风电乡村振兴示范项目组成，总投资约20 亿元人民币。乡村振兴风电项目是农村能源革命的有力抓手、助力乡村全面振兴的重要载体，对于壮大村集体经济、助力乡村全面振兴，促进农村能源绿色低碳转型、实现碳达峰碳中和具有重要意义。项目建设的同时，与当地旅游业相结合，带动绿色主题旅游及周边产业，修缮和新铺道路有效助力当地经济的发展。

The Huailai Rural Revitalization Wind Power Project consists of Huailai County New energy + rural revitalization Project (139,500 kW) and Huailai 150,000 kW wind power rural revitalization demonstration project, with a total investment of about 2 billion yuan. The rural revitalization wind power project is a powerful starting point for the rural energy revolution, an important carrier to help the comprehensive revitalization of the countryside, and is of great significance for strengthening the village collective economy, helping the comprehensive revitalization of the countryside, promoting the green low-carbon transformation of rural energy, and achieving carbon peak carbon neutrality. At the same time, the construction of the project will be combined with the local tourism industry to promote green theme tourism and surrounding industries, and the repair and new paving of roads will help promote the development of the local economy.

天水大基地风电项目
Tianshui Big Base Wind Power Project

2024年4月18日，甘肃省天水市发布《天水市“十四五”第三批新能源项目竞争性配置评审结果公示公告》。其中集团下属天水市天弘电力有限公司获得“秦州区75万千瓦风电项目”建设指标、武山县万弘电力有限公司获得“武山县25万千瓦风电项目”建设指标。天水1GW项目的实施可为当地提供更为清洁、高效的能源解决方案，助力甘肃绿色算力产业的发展，优化电源结构、保护环境、发展低碳经济、促进社会经济可持续发展。

On April 18, 2024, Tianshui City of Gansu Province issued the "Public Announcement of the Results of the Competitive Allocation Review of the third batch of New Energy Projects in Tianshui City". Among them, Tianshui Tianhong Power Co., Ltd. under the Group obtained the construction index of "Qinzhou District 750,000 kW wind power project", and Wushan Wanhong Power Co., Ltd. obtained the construction index of "Wushan County 250,000 kW wind power project". The implementation of Tianshui 1GW project can provide local cleaner and more efficient energy solutions, help the development of green computing industry in Gansu, optimize the power supply structure, protect the environment, develop low-carbon economy, and promote sustainable social and economic development.
